RESPONSE TO OFFICE ACTION

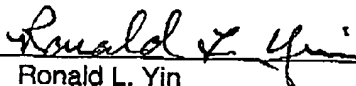

In response to the office action mailed December 7, 2006, Applicants hereby elect claims 21-37 for further prosecution. Applicants respectfully traverse the restriction requirement, and request reconsideration. The "invention" of claims 1-20 is the use of the "invention" of claims 21-37 in a toy device. Thus, the two "inventions" are related.

In addition, box 9 of the "Office Action Summary" for objection to the specification was also checked by the examiner. However, no explanation was given. Accordingly, Applicants are unable to respond to this part of the Office Action.

Respectfully submitted,

Dated: December 19, 2006
